RE: BPR Carpentry Ltd Reference

Dear Sirs,

I am writing to provide reference on behalf of CR (U.K.) Construction Company Ltd for BPR Carpentry Ltd. We have been working with BPR Carpentry Ltd for several years during which time they have become a trusted supply chain member.

BPR are currently engaged on live and anticipated project nationwide for ourselves, delivering sub-contracts on and Supply and installation basis in the £500k to £1.5m range across our smaller schemes. Given their performance we have no reservations and are actively engaged in discussion with BPR for upcoming packages on our larger projects in the £2m to £3m range over longer project durations.

Their team have demonstrated a commitment to meet deadlines and deliver high quality final products in a collaborative manner. Their team have been open and transparent when issues have arisen and have proactively engaged in finding solutions to suit the expectations of all parties which has fostered a sense of partnership and mutual respect with our project teams.

I would have no hesitation in recommending them to any party.

Yours faithfully
On Behalf of CR (U.K.)

Alec Kitchener
General Manager
