Re: Reference for BPR Carpentry Limited

TO WHOM IT MAY CONCERN

I am writing this letter as a formal recommendation for BPR Carpentry Limited (BPR) who have worked with MYCO Contracts since its early years of inception. I have personally worked with BPR since 2023 on projects ranging from £550k to £1m and I would consider them a trusted and reliable member of our supply chain. I would have no hesitation with using them again and trust this letter demonstrates my full confidence in them.

The following are notable project mentions that BPR have completed for me:
No. 124 Hotel, Brighton – BPR Package Value: £550k

- Main Contract: JCT Standard Building Contract
- Description;
    - BPR undertook the structural carpentry as well as an intricate 2nd fix package which required a considered approach in the joinery as a significant portion of the existing building was being retained. The building had many inherited levelling issues which had to be carefully considered.
    - The contract was a traditional contract for MYCO which involved a high volume of Client changes which BPR reacted to promptly. Worth noting; commercially reasonable too.
    - The level of scrutiny on this scheme was high with abnormal levels of snagging. BPR consistently impressed our Client with the quality of work and level of attention given to their requests.

54 Bishops Avenue, London – BPR Package Value: £1m

- Main Contract: JCT D&B 2016
- Description;
    - BPR undertook the structural carpentry which contained the supply and install of 2,000m2 of pitched rooves as well as the 2nd fix package in 36Nr prime, high-end apartments.
    - This scheme also has a very involved Client and whilst it's still a LIVE job, so far there have been no concerns raised from the Client or the design team.

Throughout our professional relationship, I have consistently found BPR to be:

- Proactive as well as reactive when needed; I've not found BPR to ever be a reason for delays.
- Commercially sound; I'm aware of many variations that BPR carry out which we do not get charged for.
- Well-resourced; BPR can respond to any volume of work given to them. Even at short notice.
- H&S and QA: Abides with our health and safety requirements and follows through with the required information on our IMS: Procore.

If you require any further information, please feel free to contact me at 0790 728 3782 or Damian.obuchowicz@mycoltd.co.uk

Yours faithfully,

Damian Obuchowicz
