TO WHOM IT MAY CONCERN

RE: Reference for BPR Carpentry Limited

I am writing to formally recommend the services of BPR Carpentry, who has worked with Tide Construction as a subcontractor on a number of projects ranging from £200k - £1.5m.
During this period, BPR provided a number of services on several key projects including remediating the installation of 4000 fire doors to the manufactures tested detail against extremely tight deadlines, most notably our £178m Walthamstow scheme.

Throughout our professional relationship, I have consistently found them to be:

- **Reliable and Punctual:** They adhered strictly to project schedules and consistently met deadlines, even under tight constraints.
- **Highly Skilled:** Their technical expertise in Carpentry was evident in the high standard of workmanship delivered.
- **Professional:** On-site coordination was handled with professionalism, and all required documentation and queries were addressed promptly.
- **Safety-Conscious:** They always demonstrated a strong commitment to health and safety standards.
-

We would have no hesitation in working with BPR Carpentry again on future projects and highly recommend them to any organisation seeking a competent and dependable partner.

If you require any further information, please feel free to contact me at 07857039692 or liam.mcsherry@tideconstruction.co.uk.

Yours Faithfully

Liam McSherry
Tide Construction
